Father had two ideas, that the need at D.C. be of a more accessible time also feasible. going to work with and Pat Howell to let time slots available to student majority for discussions. framework to develop leadership in the individual SG. A discussion of the value and merits of the ASG in regard to D.C. ensued. All students in the college who want further information about the ASG please contact the Secretary. The general consensus at the meeting was high in regard to our participation in the ASG, because it was felt that much was to be benefited by joining. Several reasons offered for this were that we might learn and grow, it would put D.C. SG on a nationally known basis with other Student Governing bodies.

The Cultural Committee submitted a budget from which they will sponsor a Cultural program. The budget will be \$4800 for the year. All the programs sponsored will be open

RAID's budget of \$450.00 as itemized in red by Mr. Brennan was accepted.

The Women's Varsity basketball budget of \$460 was accepted. It was commented how reasonable the amount of the budget was. The Women's Varsity is to be complimented.

The Glee Club budget of \$475 was rejected. Dougherty stated that the SG wishes to support the Glee Club because it is a beneficial and integral part of the college, however, SG does not feel it should pay the salary of the director as she is listed as a Faculty member in the catalogue. President Dougherty will contact the Administrative Council concerning this issue.

The French Club Charter was accepted, as was the French

Voices: Awake, o bride, awaken
On your wedding morning
waken!

Bridegroom: You know my girl's
good

Mother: I don't doubt it. All
the same, I'm sorry not to
have known what her mother
was like.

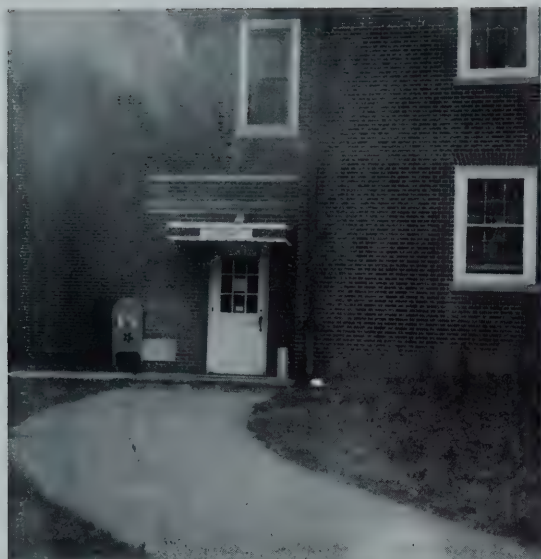

Bride: Let's go to the church
quickly. I want to be your
wife right now so that I can
be with you alone, not hear-
ing any voice but yours.

THE WEDDING TAKES PLACE
Mother, to the Bride: Your
blessings weigh heavily.

Bride: Like lead.

The Vietnam Moratorium
Committee recently sent a spe-
cial memo to its more than
100 campus organizers urging
to devote their attention
effort. Students were
d to contact other stu-
their home towns
er campuses. In
they should contact
peace groups or sym-
persons in home towns
ring them into the planning
with the hope that the Christ-
mas time effort could have a
lasting influence. Spokesmen
for the Moratorium pointed out
that many students will return
to their towns again in Janu-
are for between semester break
and could expand upon the
initial December activity then.
Thus anti-war sentiment could
be solidified or peace groups
organized in many areas which
have seen little anti-war activi-
ty to date.

The reason is an experiment-

will be extended to other lan-

is relatively new, it has been
successful in attracting stu-
